## **EGORF 2008 in Funchal - Madeira**

### **RUGBY CLUB BERN Fossy Bears**

The Fossy Bears All Black and Red Dream Team are the retired elite troops of the Rugby Club Bern (RCB; founded in 1972). All of us are certified thoroughbred former RCB cracks.

As throughout our wilder times in the field of Rugby we continue to proceed cautiously whilst on the pitch, in order to preserve our incredible talents for the third-half: Fun, Friendship and Fraternity – we do subscribe to!

We will be participating only for the second time in an EGOR Festival. We link excellent memories with our Festival Première in Zurich in 2006. Wishing to renew these special moments we would like to thank the Porto Old Greens to provide us with the opportunity to do so on Madeira!

All of us look forward to seeing familiar oval faces again in Funchal in June 2008, adding yet another chapter to European Rugby history!

Get the “Poncha” ready – the Fossy Bears have started their long march to Madeira!
